Dear Friends,

SEPA Mujer is proud to present our 2024 Annual Report, a testament to the unwavering dedication of our team and the invaluable support of our Board of Directors. This year, we were honored to support hundreds of newly arrived immigrants, refugees, and asylees. We provided essential services including safe housing, legal representation, financial assistance, and direct support. We also celebrated the invaluable contributions of women and immigrant families to our communities.

Despite navigating a period of uncertainty under a new administration, we remained steadfast in our commitment to equity and justice. SEPA Mujer continues to be a beacon of hope, empowering the immigrant community to stand tall and unafraid in their pursuit of social justice.

None of this would be possible without the tireless efforts of our team, the generosity of our donors, and the passion of our advocates. Together, we will continue to build a more just and inclusive future.

Thank you for your commitment to building a stronger Long Island.

A group of women, likely of Mexican descent, are captured in a traditional dance performance. They are wearing vibrant, multi-colored skirts with intricate patterns and black long-sleeved tops. Some women have large, colorful flower headpieces. They are in a circular formation, with some women in the foreground and others in the background. The setting appears to be an indoor space with wooden floors and warm lighting. The entire image has a semi-transparent red overlay.

SEPA Mujer truly became a family for us. It's hard to put this into words. In the face of challenges in life, when we didn't know what to do, knowing that there were people we could rely on... This feeling gave us strength and peace. I will never forget this kindness, and its warmth, for the rest of my life. Perhaps SEPA Mujer was the strongest reminder to me that there is still goodness in this world.
